

## HUNDRED DEAD IN TEXAS STORM

Damage to Wires by Tornado Made Gathering of Details Almost Impossible

## SEVERAL HUNDRED AMONG INJURED

Little Community of Canaan, Texas, Wiped Out by Flood of Waters

Dallas, Tex., April 10.—One hundred known dead had been listed as victims of the tornado which yesterday struck northern Texas, southern Oklahoma and part of Arkansas, when order began to form today from the chaos caused by the storm.

The injured, some of them so badly hurt that they cannot recover, are expected to number several hundred. The property damage, while it will run into many thousands of dollars, will be smaller than expected, as the path of the storm avoided all principal cities, striking only farmhouses and smaller villages. Last night the homeless were cared for by their neighbors. The storm in its erratic course did not devastate any entire regions, often leaving several houses untouched and then dipping in and demolishing the next few houses. The temperature dropped to freezing along the northern line of counties after the storm.

The counties most seriously damaged were Grayson, Fannin, Hunt, Wood, Van Zandt, Wichita, Collin, Camp and Tarrant.

## DO YOU NEED A KIDNEY MEDICINE?

Dr. Kilmer's Swamp-Root is not recommended for everything, but if you have kidney, liver or bladder trouble, it may be found just the medicine you need. Swamp-Root makes friends quickly because its mild and immediate effect is soon realized in most cases. It is a gentle healing herbal compound—a physician's prescription which has proved its great value in thousands of the most distressing cases, according to reliable testimony.

About 100 business and professional men gathered at the New Sherwood hotel in Burlington Tuesday night at a complimentary banquet to Joseph T. Starnes, who is to leave Burlington to practice law in New York. Mr. Starnes has been an attorney well known throughout the state. In 1917 he represented Burlington in the legislature.

In Texas, and Bryan, Cotton and Pontotoc in Oklahoma. The oil fields of Wichita county and of southern Oklahoma suffered hundreds of thousands of dollars' damage in wrecked derricks and machinery.

The hour at which the storm struck probably caused the high death rate. Nearly all of the houses destroyed contained sleeping people. In most cases the first the occupants heard of the storm was when the walls crashed down upon their beds.

## TEN INCHES OF SNOW IN NEW MEXICO

Trains Tied Up by Snow Blockade in Western Texas—Demoralized Wire Service—Live Stock Losses Heavy.

Denver, Col., April 10.—Railroad and telegraph companies to-day were recovering from the effects of the snow and sleet storm which swept the southern Rocky mountain region Tuesday and Wednesday. Trains, which had been tied up by snow blockades in western Texas and New Mexico, were reported moving, but far behind schedule. Because of demoralized wire conditions, the railroads were unable to give definite reports on the delays to trains other than that they were from one and a half to ten hours late.

The storm, which extended south as far as Mexico, was especially severe in New Mexico, where the snowfall varied from six to ten inches. Livestock losses, except in the Kansas valley, where sheep raisers were reported to have suffered heavily, were said to be slight.

## CITIZENS OF WUERZBURG STRIKE Against the Bavarian Soviet Republic—Heavy Fighting.

Copenhagen, Wednesday, April 9.—Dispatches from Kissingen report that the citizens and officials of Wurzburg, 30 miles to the northwest, have struck against the Bavarian soviet republic and that the town is in the hands of the government troops. Heavy fighting against Spartacan forces occurred when government troops stormed the federal palace and captured the railway station, but the fortress of Marienberg, across the Main river from Wurzburg, was handed over without opposition.

Most of the Spartacan leaders are reported to have been arrested but railway communication with the city has been interrupted.

## TROOPS OCCUPY KRUPP PLANT

Previously Reported Seized by the Essen Strikers, Now Is in Government Hands

## TWO-THIRDS MEN RESUME WORK

Under Protection of German Army Men—Much Unrest in Saxony

Berlin, April 9 (By the Associated Press).—Government troops are reported to have entered Essen and to have occupied the Krupp plant, which, according to previous reports, had been seized by the Essen strikers. The troops posted artillery and machine guns at the entrance to the plant. The result of the intervention by the government forces, the advisers state, was that two-thirds of the workmen resumed their labors.

The people of Essen, the dispatch adds, became greatly excited during the operations of the troops, the latter having thrown hand grenades in the midst of a crowd plundering a baggage van.

From Saxony much unrest is reported. The communists of the Vogtland district in southwestern Saxony have issued a demand that Saxony be made a soviet republic while the metal workers at Zwickau, southwest of Chemnitz, and a large proportion of the Saxon miners, have gone on strike.

## AVOID MISTAKES

No Need to Experiment with Barre Evidence at Hand.

There are many well-advised kidney remedies on the market to-day, but none so well recommended—none so Barre recommended as Doan's Kidney Pills.

Read this Barre case:

A. J. Stewart, carriage maker, 24-26 Prospect street, says: "Some years ago I suffered from an accident which left my kidneys weak. I was troubled more or less after that with the secretions. They were of color and generally contained sediment. My back was quite painful at times, and sharp pains ran up and down my spine. I have used Doan's Kidney Pills at such times, and they have always given satisfactory relief."

Price 60c, at all dealers'. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Stewart had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.
